STATEMENT OF FACT AND POLICY

The Commissioner of the Maine Department of Marine Resources repeals the emergency DMR Regulation 95.06 I, Closed Area No. 25-C, New Harbor, Bristol promulgated on July 16, 1986 and replaces it with a new emergency regulation. This new regulation re-describes the closure line to eliminate an overlapping description with DMR Regulation 95.06 J, Closed Area No. 25-D, Long Cove Point to Muscongus Harbor, Bristol.

Department of Marine Resources personnel have determined that this administrative change will clarify the description of the closed area. The closed area is subject to microbiological pollution. Consequently, harvest of shellfish in the closed area is prohibited to protect the public health.
